ACDelco Gold Disc Brake Rotors are the high-quality alternative to OE parts. These parts are manufactured to meet expectations for fit, form and function making them a smart choice for General Motors vehicles, as well as most makes and models. These high-quality parts are backed by General Motors.

ACDelco Gold Disc Brake Coated Rotors provide reliable vehicle braking power and are a high-quality replacement for many vehicles on the road today.

- They feature a thickness variation that is less than 0.0004 to minimize pedal pulsation, noise, and help to extend brake pad life
- COOL SHIELD™ coating – The entire rotor surface including edges and vanes have a baked-on zinc coating for durability and longer lasting protection compared to an uncoated
- Coated Rotors will remain cleaner longer than a non-coated rotor
- The protective micron-thin layer inhibits environmental corrosion better than non-coated rotors as proved in up to 300 hours of industry-standard salt-spray testing.
- These rotors meet the SAE standard for structural integrity with OE matched qualified material delivering guaranteed performance
- Mill balanced; resulting in smooth brake operation and noise reduction
- Follows original manufacturers' designs for dispersing heat, helping to prolong pad and rotor life while reducing noise and vibration

ACDelco Gold Rotors have a 24 month/Unlimited mile limited warranty. Effective on parts purchased April 1, 2018 and later to the original retail purchaser. Contact seller for limited warranty part details, qualifications, and possible labor coverage.

ACDelco Silver Brake Rotors are a quality high value option for General Motors vehicles as well as most makes and models and are backed by General Motors.

- Manufactured with G3000 cast iron for optimum heat dissipation and performance.
- Brake plate thickness matches OE specifications
- Mill-balanced for proper rotor function; no extra weights needed.
- Quality validated for proper metallurgy and correct brake plate thickness.
- Rounded radius for added strength.
- Heat dam and all chamfers, including lug stud holes match OE configuration
- NO lightweight castings

Refer to the electronic parts catalog or www.qmparts.com for the most up-to-date applications and a complete list of parts.

ACDelco Silver Rotors have a 12 month/Unlimited mile limited warranty. Effective on parts purchased April 1, 2018 and later to the original retail purchaser. Contact seller for limited warranty part details, qualifications, and possible labor coverage.
